INSTRUCTIONS

1. Dip the fan brush in Banana Boat and paint a large section on the apple. Repeat for a second layer.
2. Load up the brush with Red Head, place the brush at the top of the apple and pull it down into the yellow letting the red streak onto the yellow section.
3. Repeat that same technique starting at the bottom of the plate and letting the Red Head streak up into the yellow.
4. Use Red Hot and fill in the remaining areas on the apple always letting the colors streak and blend together.
5. Paint in the stem with both Mocha Java and Chocolate, letting the colors overlap and blend.
6. Paint in the leaf with 3 coats of Kiwi, then brush on Grasshopper and allow the colors to blend to create depth.

TIPS

- Allow the reds and yellows to overlap. If you need help getting the colors to blend, you can use some watered down paint to pull the colors together.
